SPECIAL TOWN MEETING, January 27th 1969

Commonwealth of Massachusetts

The meeting was called to order by Moderator Curran at 8 P.M. and 143 persons being present, a sufficient number for a quorum, the Town Clerk read the warrant and the officers return thereon.

WMRC broadcast the meeting.

Article 1. To see if the Town will vote to raise and appropriate the sum of One Thousand eight hundred four dollars and ninety-nine cents (\$1804.99), for the purpose of paying an unpaid bill (Salaries and Wages) for the Fire Department, or take any action in relation thereto.

(Fire Department)

Voted: That the Town vote to raise and appropriate the sum of One thousand eight hundred four dollars and ninety-nine cents (\$1804.99) for the purpose of paying an unpaid bill (Salaries and Wages) for the Fire Department.

Voice vote unanimous

Article 2. To see if the Town will vote to raise and appropriate the sum of Forty-five thousand dollars (\$45,000) to be expended by the School Building Committee appointed under Article 73 of the annual Town Meeting held March 10, 1965, to be used for plans and specifications for the new high school, together with the money voted under Article 17 of the annual Town Meeting held March 11, 1964, together with the money voted under Article 74 of the annual Town Meeting held March 10, 1965 together with the money voted under Article 38 of the annual Town Meeting held March 21, 1966, and together with the money voted under Article 50 of the annual Town Meeting held April 4, 1967, or take any action in relation thereto.

(School Building Committee)

At this time Mr. David I. Davoren addressed the meeting members and presented the following motion:

I move that the Town vote to raise and appropriate the sum of Forty-five thousand dollars (\$45,000) to be expended by the School Building Committee, appointed under Article 73 of the annual Town Meeting held March 10, 1965, to be used for plans and specifications for the new high school, together with the money voted under Article 17 of the annual Town Meeting held March 11, 1964, together with the money voted under Article 74 of the annual Town Meeting held March 10, 1965, together with the money voted under Article 38 of the annual Town

Meeting held March 21, 1966, and together with the money voted under Article 50 of the annual Town Meeting held April 4, 1967.

The following persons addressed the Town Meeting before action was taken on the motion: Michael DeCesare, Thomas J. Cullen from the School Committee and Chairman of Selectmen Maher.

The question now came on the motion and it was

Voted: That the Town vote to raise and appropriate the sum of Forty-five thousand dollars (\$45,000) to be expended by the School Building Committee, appointed under Article 73 of the annual Town Meeting held March 10, 1965, to be used for plans and specifications for the new high school, together with the money voted under Article 17 of the annual Town Meeting held March 11, 1964, together with the money voted under Article 74 of the annual Town Meeting held March 10, 1965, together with the money voted under Article 38 of the annual Town Meeting held March 21, 1966 and together with the money voted under Article 50 of the annual Town Meeting held April 4, 1967.

Voice vote unanimous.

It was moved and seconded to dissolve the warrant.
The warrant was dissolved at 9:15 P.M.

VETO A. ANESTA

The following Resolution was read by Selectman John T. Maher.

RESOLUTION

WHEREAS, the citizens of Milford have learned with deep regret and sorrow of the death of Peter DePaolo a Town Meeting Member from Precinct 3, and

WHEREAS, Peter DePaolo served faithfully as a loyal and dedicated servant to the inhabitants of the Town of Milford,

THEREFORE BE IT RESOLVED, that as a symbol of our respect the business of this meeting be suspended and the members stand in silent tribute to his memory, and

BE IT FURTHER RESOLVED, that his family be presented a copy of this resolution, and that a copy be inserted in the records of the next Annual Town Report. Board of Selectmen

Article 1. To hear and act upon reports of all Town Officers and Committees of said Town.

Board of Sewer Commissioners
Town Hall
Milford, Massachusetts

Dear Sirs:

Reference is made to our letter of July 26, 1968, regarding an extension of the intercepting sewer north of Dilla Street to take care of the existing pumping station in this area.

Further expansion is now planned for additional areas draining to this location, and with the probable extension of sewers in Purchase St., this makes such an extension increasingly necessary.

In reference to the northerly section of Purchase St., the present sewer now extends to just beyond Silver Hill Street and the street extends about 7,000 ft. to near the Hopkinton town line. There is considerable development along Purchase Street itself, with some 76 dwellings now existing north of the school house near Silver Hill Street, as well as new developments west of Purchase Street. With the construction of Route 495 nearing completion and an interchange in Hopkinton less than two miles away this area will probably be subject to rapidly increasing development.

Sewer construction in Purchase Street is well justified and might well be done in conjunction with and prior to any street reconstruction if planned.

We have not made a definite survey of this street, which should be done, but in general sewer construction in this street can be roughly estimated at \$22. per foot, or a total cost for extension to near the Hopkinton line of about \$160,000.

In order to serve the general northwesterly area between Purchase St. and Reservoir St. and north of Silver Hill St., an intercepting sewer, generally following the brook, crossing Camp St. will be required and provision for this sewer should be incorporated in any development plans for this area, and the Planning Board advised of this general requirement.

The cost of such an intercepting sewer would be approximately \$150,000 to \$200,000 depending on soil conditions, and the cost might well be participated in by developers in this area, as more economical than individual disposal installations.

A more detailed study should be made of this line, but the Purchase St. extension could be adopted at any time, as desired by Town Meeting action.

Yours very truly,

COMMITTEE TO ESTABLISH A FIRE PREVENTION CODE

Mr. Moderator:

The committee to establish a Fire Prevention Code authorized by the annual Town Meeting of March 22, 1967 has completed its study and respectfully submits the following recommendations.

These recommendations will enable the committee to present for adoption a Fire Prevention Code at the next annual Town Meeting.

It is herewith recommended:

1. That the committee be authorized to pursue consultant and technical services to the Town of Milford, at no charge to the Town of Milford by the Boston, Massachusetts Office of the National Fire Protection Association.

2. That the Town Counsel, due to the legal implications of a Fire Prevention Code dealing as it does with personal property and citizen rights, be authorized and instructed to render legal opinions and interpretations relating to such a Fire Prevention Code, including legal issues regarding retroactive action and existing conditions.

3. Authorize the Board of Selectmen to insert an article in the Town Warrant of the next special or annual Town Meeting requesting a reasonable sum of money to cover clerical assistance and preliminary publication costs.

4. That the Committee, upon the completion of preparation and prior to the presentation of such Fire Prevention Code call a public hearing on same at the discretion of the Board of Selectmen.

Respectfully submitted,

JOSEPH R. MANELLA, *Chairman*

JOHN J. HENNESSY, *Secretary*

Article 8. To see if the Town will vote to raise and appropriate a sum, or sums of money for the constructing, originally equipping and furnishing a high school, including a school administration building, and to determine whether such sum, or sums, shall be raised by taxation, by transfer of available funds in the treasury, by borrowing or otherwise, or to take any action in relation thereto.

(Milford School Building Committee)

At this time Moderator Allegrezza gave Mr. Michael DeCesare permission to address the meeting. Mr. DeCesare informed the members that action under Article 8 would be made in three (3) motions taken in this order: Motion C, Motion A and Motion B. The question now came on Motion "C".

Voted: That the Building Committee report to the Town Meeting Members at the next annual Town Meeting with full facts and information about the Administration Center Building.

Voice vote unanimous.

Moderator Allegrezza granted permission to Mr. David I. Davoren to address the meeting. The question now came on Motion "A".

As motion "A" was to be voted on at this time the Moderator requested all Town Meeting Members to stand and take an oath as this vote would be a bond issue. The question now came on the motion and it was

Voted: That the Town appropriate \$10,600,000 for the constructing, originally equipping and furnishing a high school and that to meet said appropriation the sum of \$100,000 be transferred from the Stabilization Fund, and the Treasurer, with the approval of the Selectmen, be authorized to borrow the sum of \$10,500,000 under Chapter 645 of

the Acts of 1948 as amended, provided that the total authorized borrowing shall be reduced by the amount of any matching Stabilization Fund Payment.

Voice vote unanimous.

Mr. David I. Davoren presented Motion "B" and Mr. DeCesare gave the members an outline — all subject to the consent of Moderator Allegrezza. The question now came on Motion "B".

It was moved and seconded that the Town appropriate \$11,200,000 for the constructing, originally equipping and furnishing a high school, and that to meet said appropriation the sum of \$100,000 be transferred from the Stabilization Fund, and the Treasurer, with the approval of the Selectmen, be authorized to borrow the sum of \$11,100,000 under Chapter 645 of the Acts of 1948 as amended, provided that the total authorized borrowing shall be reduced by the amount of any matching Stabilization Fund Payment and that if this motion should prevail the action taken hereunder would supersede that of the previous motion.

A standing vote was taken and 42 persons voted in the affirmative and 111 persons voted in the negative. The Moderator declared the motion to be defeated.

Article 9. To see if the Town will vote that the School Building Committee appointed under authority of the vote on Article 73 of the warrant for the town meeting held on March 24, 1965, be authorized and empowered to enter into all contracts and agreements for constructing and originally equipping and furnishing a new high school building, or take any action in relation thereto. SPECIAL TOWN MEETING, December 15th 1969

The meeting was called to order by Acting Moderator, Town Clerk Catherine L. Coyne at 8 P.M.

An election to fill vacancies was held and the following announcement was made by Miss Coyne. Precinct 1 — Robert S. Andreano, 10 Granite Street; Precinct 5 — John P. Pyne, Sr., 4 Walker Ave., and Francis L. Walleston, 366 Purchase St.

The Monitors took the roll call and 122 persons being present Acting Moderator Coyne announced that the meeting was now in order.

Mr. Cullen moved, seconded by several, that the name of Anthony E. Allegrezza be placed in nomination as a Moderator Pro-Tem.

It was moved and seconded to close nominations and it was so voted.

A vote was taken and Anthony E. Allegrezza was unanimously elected Moderator Pro-Tem.

Miss Coyne in the capacity of Town Clerk called Mr. Allegrezza to the stage and administered the oath of office. The meeting was then turned over to Mr. Allegrezza.

The Town Clerk read the warrant and the Officers' return thereon. The following Resolution was read by Selectman John. T. Maher.

RESOLUTION

WHEREAS, the Citizens of Milford have learned with a feeling of profound regret and sorrow of the passing of Domenic Detore and

WHEREAS, Mr. Detore, a member of this body from Precinct 1 from the very inception of our representative form of Town Meeting, who served long and conscientiously the citizens of Milford and

WHEREAS, his love for this community and his concern for and dedication to her well-being were of a nature comparable to the famed Milford pink granite which he so magnificently carved and shaped, so do we acknowledge that in his passing the Town has lost a devoted and faithful servant.

THEREFORE BE IT RESOLVED, that as a symbol of our respect that the business of this meeting be suspended and that the members stand in silent tribute to his memory and

BE IT FURTHER RESOLVED that his family be presented a copy of these resolutions and that a copy be inserted in the records of the next Annual Town Report.

BOARD OF SELECTMEN

The following Resolution was read by Michael J. Noferi.

RESOLUTION

WHEREAS, The citizens of Milford have learned with a profound feeling of regret and sorrow of the passing of John T. Glennon and

WHEREAS, John T. Glennon served this meeting as a member of Precinct 5 for the past eighteen years, and

WHEREAS, the good deeds of a man live after him, John T. Glennon's contribution to our community will be remembered long and well. He will be missed when the roll is called.

THEREFORE, BE IT RESOLVED: that as a mark of respect the business of the meeting be suspended while the members stand in solemn and silent tribute to his memory,

AND BE IT RESOLVED: that a copy of these resolutions be forwarded to his family and that these resolutions be published in the next annual Town Report.

MICHAEL J. NOFERI

The following Resolution was read by Peter S. Casey.

RESOLUTION

WHEREAS, the citizens of Milford have learned with deep regret and sorrow of the death of Joseph C. Bianchi and

WHEREAS, Joseph C. Bianchi served this community faithfully, loyally, and unselfishly as Chairman and as a member of the Milford Board of Public Welfare for many years, and as Chairman of the Board of Trustees of the Milford Public Medical Home since its formation in July of the year 1968, now

THEREFORE BE IT RESOLVED, that as a symbol of our respect, we suspend the business of this meeting for a silent tribute to his memory, and that a copy of this resolution be presented to his family, and a copy be inserted in the next Annual Town Report.

PETER S. CASEY

The following Resolution was read by Thomas J. Cullen.

RESOLUTION

WHEREAS Almighty God, in his infinite wisdom has summoned his servant John. F. Curran to his eternal reward and repose,

WHEREAS for a good many years he served this body as its esteemed and respected Moderator,

WHEREAS his understanding of the intricacies of parliamentary procedure, his fairness, and his sense of humor contributed something very special to the Town Meetings of Milford,

WHEREAS, in his passing the Town of Milford will sorely miss this man of many talents who served our beloved community in so many ways,

WHEREAS, although his presence at Town Meetings will be sorely missed, the spirit of his shillelagh will always be with us,

BE IT RESOLVED, that as a mark of respect to the memory of John F. Curran this body stand in silent tribute to his memory

BUREAU OF ACCOUNTS

To the Board of Selectmen
Mr. Thomas J. Cullen, Chairman
Milford, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Milford for the period from November 1, 1966 to May 7, 1969, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Chief of Bureau.

Very truly yours,
ARTHUR H. MacKINNON
Director of Accounts

AHM:MCC

Mr. Arthur H. MacKinnon
Director of Accounts
Department of Corporations and Taxation
Boston, Massachusetts

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Milford for the period from November 1, 1966, the date of the previous examination, to May 7, 1969, and report thereon as follows:

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection were examined, checked, and verified by comparison with the records in the offices of the town accountant and the town treasurer.

The books and accounts in the town accountant's office were examined and checked, the recorded receipts being compared with the treasurer's books and with the records in the several departments collecting money for the town. The payments, as entered, were compared with the treasurer's books and with the treasury warrants, while the appropriations and transfers were checked with the town clerk's records of financial votes passed by the town meetings and with the finance committee's authorizations for transfers from the reserve fund.

The several ledgers were analyzed, the necessary adjustments resulting from the audit were made, and a balance sheet showing the

financial condition of the town on May 7, 1969 was prepared and is appended to this report.

The town treasurer's books and accounts were examined and checked in detail. The receipts, as recorded, were analyzed and compared with the accountant's books, with the records of the departments making payments to the treasurer, and with other sources from which money was paid into the town treasury, while the disbursements were checked with the selectmen's warrants authorizing the treasurer to disburse town funds and with the accountant's books.

The cash book additions were verified, and the cash balance on May 7, 1969 was proved by reconciliation of the bank balances with statements furnished by the banks of deposit, by examination of the savings bank books, and by actual count of the cash in the office.

The payments on account of maturing debt and interest were proved with the amounts falling due and checked with the cancelled securities on file. The outstanding bonds and coupons on May 7, 1969 were listed and reconciled with the balances as shown by statements received from the banks of deposit.

The payroll deduction records for Federal and State taxes, the contributory retirement system, the purchase of savings bonds and for group insurance premiums were examined and the payments to the proper agencies were verified.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts transferred from the tax levies to the tax title account were compared with the collector's books, the reported redemptions were compared with the treasurer's recorded receipts, and the tax titles and tax possessions on hand were listed and reconciled with the ledger controls, and further checked with the records at the Registry of Deeds.

It is recommended that proceedings be instituted by the treasurer to foreclose the rights of redemption on tax titles which have been held by the town for a period of more than two years.

The savings bank books and securities representing the investments of the trust, investment and retirement funds in the custody of the town treasurer were examined and listed. The income was proved and all transactions and balances were verified and compared with the accountant's books, and, in the case of the retirement funds, with the records of the retirement board.

The books and accounts of the tax collector were examined and checked in detail. The tax, excise, and assessment accounts outstanding according to the previous audit, as well as all subsequent commitments, were audited and proved. The recorded collections were checked with the receipts as shown by the treasurer's and the accountant's books, the abatements, as entered, were compared with the assessors' records of

abatements granted, the transfers to the tax title account were proved, and the outstanding accounts were listed and reconciled with the respective controls in the accountant's ledger.

Further verification of the outstanding tax, excise and assessment accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The financial records of the town clerk were examined and checked. The collections on account of dog and sporting licenses issued, as well as from miscellaneous charges, were verified and compared with payments to the town treasurer and to the Division of Fisheries and Game. The town clerk's cash balance on May 7, 1969 was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of the cash in the office.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

The records of departmental cash collections by the board of selectmen, assessors, sealer of weights and measures, tree warden, dog officer, and the building, wire, plumbing, gas, and sanitation inspectors, as well as by the police, health, highway, school, library, recreation, and cemetery departments, and by all other departments collecting money for the town, were examined and checked. The payments to the treasurer were verified and the cash on hand in the several departments was proved by actual count.

The records of departmental accounts receivable were examined and checked. The receipts, as recorded, were checked with the payments to the treasurer, the abatements, as entered, were compared with the departmental authorizations granting such abatements, and the outstanding accounts were listed and reconciled with the accountant's ledger controls.

In addition to the balance sheet, there are appended to this report, tables showing a reconciliation of the treasurer's cash, summaries of the tax, excise, assessment, special tax, tax title, tax possession, and departmental accounts, together with schedules showing the transactions and condition of the trust, investment, and retirement funds.

For the cooperation extended by the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,
WILLIAM SCHWARTZ
Assistant Chief of Bureau

ANNUAL REPORT OF THE BOARD OF SELECTMEN

To the people of the Town of Milford:

The following is the report of the Board of Selectmen to the residents of the Town of Milford. This year, as in the past, this report is simply a brief summary of some of the activities of the Board of Selectmen for this year along with some of our thoughts for the future.

HOME RULE CHARTER COMMISSION

During the year, the Town Government Study Committee, formed by your Board of Selectmen, obtained the signatures of over 15% of the registered voters of the Town of Milford, that is, more than 1,500 persons, on a petition for a Home Rule Charter Commission. This was a job of great magnitude and indicates drive and determination on the part of the committee members. It also shows that the voters of Milford are quite interested in their local government.

At the annual town election to be held March 2, 1970, the voters of the Town of Milford will be asked whether a Home Rule Charter Commission should be formed. The voters will also have an opportunity to elect the nine members of the commission.

If the majority of votes cast are in favor of the adoption of the Home Rule Charter Commission, the nine candidates receiving the highest number of votes will be elected to this commission. The town would then appropriate a sum of money for the commission's use. The commission would include a chairman, vice chairman and clerk within its members. Within 45 days after its election, the commission would hold a public hearing for citizens to present proposals.

Within eight months after its election, the Charter Commission must prepare a preliminary report including the text of the proposed charter which the commission intends to submit to the voters. Public hearings would follow publication and the Attorney-General would examine the proposals and notify the commission of any conflicts between the proposals and the State's constitution and laws. Then, this in turn must be submitted to the local voters for their approval or rejection at the next regular town election.

A Home Rule Charter Commission will generate greater interest in and understanding of local government and will present the townspeople with an opportunity to restructure town government to more adequately meet present and future needs.

ESTABLISHMENT OF THREE-YEAR TERM FOR SELECTMEN

The report of the Town Government Study Committee presented to the town meeting in November of 1968 included a recommendation that the term of office for the Selectmen be changed from one to three years and that one Selectman be elected each year. One of the reasons for effectuating this change is to provide a greater measure of continuity. Accordingly, your Board of Selectmen presented an article at the March town meeting of this year to put this change into effect. While this met with some opposition, it was soundly passed by the town meeting. The opponents of this article, however, presented a petition with a sufficient number of signatures to require the question of change of term for Selectmen to be presented to the voters at a special referendum election. Pursuant to this petition, your Board of Selectmen called the referendum election and the voters of the Town of Milford by a very strong majority of those voting, voiced support of the change. Accordingly, at the annual town election this year, one Selectman will be elected for a three-year term, one Selectman will be elected for a two-year term, and a third Selectman will be elected for a one-year term. In years to follow, one Selectman will be elected for a three-year term.

REGISTRY OF MOTOR VEHICLES

Throughout this year, your Board of Selectmen and Town Counsel were in continuing contact with officials of the Registry of Motor Vehicles, including Registrar McLaughlin. Registry officials indicated a willingness to return to Milford at that portion of the Town Hall formerly occupied by the Third District Court of Southern Worcester only if renovations costing between \$40,000 and \$50,000 were made by the town. Even with these renovations, the Registry would pay only \$2,500 to \$3,000 rental per year. This was clearly not acceptable to the town.

Thereafter, your Selectmen sought to interest private persons in leasing an existing building or constructing a new building to be leased by the Registry. Several persons expressed interest but their proposals were not acceptable to Registry officials.

The final possibility for the return of the Registry of Motor Vehicles to Milford was for the town to construct a building and lease it to the Registry. After thorough consideration and investigation, it was determined that the only way that this could be accomplished is to first obtain authorization to do so from the General Court by special act. Accordingly, your Board of Selectmen presented an article at a special town meeting held in December of this year to petition the legislature to enact a special act authorizing the Town of Milford to construct a building to be leased to

the Registry of Motor Vehicles. This article involved no expenditure of money by the town and was passed by the town meeting. At the present time, it is pending before the legislature.

The next step in this procedure will be to present an article to the town meeting in March, 1970, to appropriate the money required for construction. Under the terms agreed to by the Registrar, the Registry is to pay 10% of the construction cost to the Town of Milford per year so that the full cost of any building construction by the town will be recovered over a ten-year period.

NEW HIGH SCHOOL

At the special town meeting called by the Board of Selectmen in May, 1969, the town meeting unanimously passed the long-awaited High School Bond Issue with the full support of the Board of Selectmen. Once constructed, the new high school will be the best such facility in the area.

CONTINUING NEED FOR NEW INDUSTRY

The members of your Board of Selectmen are pleased to take note of the fact that during this year new building construction amounted to in excess of \$4,000,000, much of which can be attributed to the construction of the shopping centers on Route 140 and Route 109.

In our report to the people of the Town of Milford last year, this Board stressed the need for an increase in industrial development for the Town of Milford in order to broaden the tax base and to provide additional employment for the residents of the Town of Milford. Further, we stressed the importance of the cooperation between your Board of Selectmen, the Industrial Development Committee, the Chamber of Commerce, the Planning Board, the Industrial Financing Authority formed in 1968, private industrial developers, landowners, and other concerned parties in seeking to draw new industry to Milford.

Throughout this year, we have continued to maintain close contact and cooperation between all these groups. As of the writing of this report, it is clear to the members of this Board that at some point in the near future, Milford will finally obtain very substantial and desirous industrial growth, particularly along the Route 495 area.

OTHER ITEMS

Donation of Stop & Shop Parking Lot. At the special town meeting called by the Selectmen in December of 1969, the town meeting voted to accept a gift of some 35,000 square feet of land situated between Jefferson Street and Central Street from the Stop & Shop, Inc. The deed for this.

property was recorded shortly after passage of this article. The value of the land, in all likelihood, exceeds \$45,000.00.

Little League Field – Cedar Street. At the annual town meeting held in March of this year, the town meeting members voted to transfer from an existing account \$4,000 to an account for the construction of a Little League Field at Cedar Street. The land had been transferred at an earlier town meeting. The Board of Selectmen are very pleased to cite the generous cooperation of many individuals concerned with the welfare of Milford youth who have freely given of their time and equipment for construction of this field. The Little League Field should be ready for use this coming year.

Town Hall Renovation Committee. At the special town meeting held in December of 1969, the Board of Selectmen inserted articles for the formation of a Town Hall Renovation Committee consisting of five members and the transfer and appropriation of \$2,000 for the committee which may be expended by the committee for plans and specifications for the renovation of the Town Hall. This action was taken after the Selectmen had received a very imaginative and promising preliminary report from a committee formed by the Selectmen at an earlier date.

Through the efforts of Milford's representative to the Blackstone Valley Regional Vocational School Committee, Anthony E. Allegrezza, students from that school will provide plumbing, carpentry, and wiring for the renovation of the Town Hall at no cost to the Town. This work will also provide beneficial training for the students.

Sale of Town Land. During the year, several private persons expressed interest in purchasing town-owned land off Route 85 near Route 495. Because the amounts of money being offered were so substantial, your Selectmen decided to put a small portion of the land up for sale by sealed bid and place an advertisement inviting such bids in the **Milford Daily News**. The bids were received and opened December 15, 1969. The high bidder for the less than one acre piece of land was the Mobil Oil Company at \$118,300, and the Selectmen have contracted to sell the land for that price.

Dilapidated Buildings. During this year, your Selectmen have worked closely with the Board of Health and Town Counsel to have dilapidated buildings in Milford either repaired or removed as soon as possible, and we are pleased to note that the two dilapidated buildings on Parkhurst Street, which constituted a fire and health hazard have been removed. We also want to comment on the greatly improved appearance of the buildings on Main Street now occupied by Neilan's Pharmacy and Greenleaf Finance

Corporation. The removal of the second and third floors and general face lifting were performed by Neilan's and Greenleaf Finance when they purchased the property.

Licenses and Permits. Throughout the year, your Board of Selectmen acted on applications for various licenses and permits placed under its jurisdiction by the General Laws.

Street Lighting. With the factor of public safety a central and major consideration, your Board of Selectmen expended monies during the year to provide street lights for newly accepted streets throughout the Town and increased street lighting on certain thoroughfares. This action was taken pursuant to surveys performed and discussions with Massachusetts Electric Company.

We, as a Board and individually, would like to express our sincere gratitude to all Town Officials and Departments for their helpfulness and complete co-operation throughout the year. Lastly, we would like to extend our gratitude to the voters of the Town of Milford for making it possible for us to serve the Town of Milford in the capacity of their Board of Selectmen.

Respectfully submitted,

THOMAS J. CULLEN, *Chairman*

Milford Board of Selectmen

TOWN COUNSEL'S REPORT

To the Honorable Board of Selectmen:

Gentlemen:

Herewith I submit the Annual Report of the Law Department of the Town of Milford for the year 1969:

SUITS AND CLAIMS INVOLVING THE TOWN OF MILFORD

At the close of the year 1969, the following constitutes a breakdown of the pending suits and claims involving the Town of Milford.

There are seventeen (17) cases against the Town of Milford pending before either the Worcester Superior Court or district courts in Worcester County. Of these cases, one (1) is a land damage case, thirteen (13) are claims arising out of alleged sidewalk defects, one (1) arises out of an automobile accident, one (1) is a zoning matter and the last involves a Bill in Equity. Further, there are currently ten (10) claims involving either automobile accidents or defects in ways, which may at some time result in suit against the Town of Milford.

During the course of the year, many cases against the Town were tried and/or settled both in the district courts and Worcester Superior Court, including several land damage cases which were tried and/or settled during the year. These land damage cases arose out of land takings made for high school and elementary school purposes.

The appeal to the Supreme Judicial Court by Andrew J. Lane, Trustee of Country Realty Trust, relative to proposed Ridgewood apartments was dismissed on motion by the Town Counsel which was assented to by Mr. Lane's attorneys.

The Town of Milford has received full reimbursements for two (2) claims against persons who caused damage to the fence at the Town dump. It was necessary that one (1) of these matters be placed into suit before a full settlement figure was received.

As Town Counsel, I will continue to act in the best interest of the Town of Milford with regard to all claims and suits involving the Town.

General Activities

During the year, I attended the meetings of the Board of Selectmen and, upon request when legal problems arose, meetings of other Town Boards and Departments. In addition, I appeared before the Appellate Tax Board and the Labor Relations Commission, both of which are situated in Boston. Throughout the year, I rendered numerous legal opinions to the various Town Boards and Departments and drafted Town Meeting Articles; various agreements, leases, contracts and other instruments with legal ramifications.

During the year, I purchased three (3) volumes of *Municipal Corporation Law*, four (4) volumes of *American Law of Zoning*, and one (1) volume of *Condemnation Procedures and Techniques*. Basically, this constitutes the start of a limited library for the Town Counsel, which will serve to supplement the legal library at the office of the Town Clerk.

At the close of this report, I would like to express gratitude to the Board of Selectmen for appointing me Town Counsel and for their faith and confidence in me. It has been a great pleasure to serve as Milford's Town Counsel. I would like to thank the Selectmen, their Executive Secretary, and all Town Departments and Officials for the full co-operation during the year.

Respectfully submitted,
PETER S. CASEY
Milford Town Counsel

REPORT OF THE POLICE DEPARTMENT

TOWN OF MILFORD MASSACHUSETTS
POLICE DEPARTMENT
WILLIAM F. FITZPATRICK, CHIEF

January 6, 1970

The Honorable Board of Selectmen
Town Hall
Milford, Massachusetts

Gentlemen:

It is my pleasure to submit the following report of arrest and other duties performed by the Milford Police Department during 1969.

Sgt. John J. McGrath, Director of the Auxiliary Police, has continued the fine progress with this unit for the year 1969. They are a most essential unit in an emergency, for without their assistance, the department would be sorely taxed.

I recommend that the pay scales be raised to compare more favorably with those in other Cities and Towns.

I recommend that the necessary steps be taken to increase the width of West St. from Congress St. to Union St. and also, the Cape Road from West St. to Green St. and So. Main from Main to Forest St.

Traffic has increased greatly on those streets because of the Funeral Home on West St. and also, the increased business activity on the Cape Road.

Your department has continued the policy of sending men to the various Police Schools, with Sgts. Anthony P. DiGirolamo and Donald F. Small, completing the courses at the Command Training Institute at Babson College at Wellesly, Mass. — sponsored by the New England Association of Chiefs of Police. Also, Officer David T. Bird completed six weeks' Course at Mass. State Police Academy and Officer David R. Testa completed six weeks' Course at the Brockton Police Academy sponsored by the Mass. Municipal Training Council.

Anthony J. DiAntonio was graduated from a fingerprint & photography Course given by the Boston Police Department.

In this regard, we recommend that Police Officers, who can on their time pursue an associate or B. S. Degree in Law Enforcement be compensated after attaining a certain amount of credits as an incentive to complete their studies and also, to increase their knowledge and efficiency to better serve you in the Police Department.

Our report will show that the increase work load from the increase in buildings and population make it imperative at this time that the Town

increase the man power by (4) men, and also to purchase and put in service a third Patrol Car.

Recommend that Town upgrade the Teletype System and join with the other Cities and Towns in the New Public Safety Teleprocessing System. It will increase Law Enforcement effectiveness by responses in seconds to inquiries. It will provide direct interaction with the National Crime Information Center Washington D. C. Our request that had to be filed by Dec. 5, 1969 has been accepted and approved to be activated by May 1, 1970 at an increase cost of \$48.00 per month.

We have also applied for Radar Equipment and two portable Radios that the Federal Government Safe Streets Program will reimburse the Town 100 Per Cent if accepted by the Town.

I take this opportunity to thank the Board of Selectmen and all other Town Departments for the cooperation during the past year. And also the family of Anthony J. Salvia for the gift of two Resuscitators to be installed in each Patrol Car for emergency use.

Respectfully submitted,
WILLIAM F. FITZPATRICK
Chief of Police

ANNUAL REPORT OF THE VETERANS SERVICES DEPARTMENT

INTRODUCTION

The Veterans' Services Department of the Town of Milford, herewith submits its Annual Report for the year ending December 31, 1969.

The highlights of the various veterans' programs will be outlined in our Annual Report and it will consist of the following:

- I. Federal benefits available from the Veterans' Administration
- II. Veterans Benefits under chapter 115, as amended
(Commonwealth of Massachusetts)
- III. Work performed in the year 1969
- IV. Expenditure and Financial Sheet
- V. Acknowledgement

I. VETERANS ADMINISTRATION

Veterans Administration pensions and hospitalizations are two Federal programs which alleviate a great financial burden on our local taxpayer.

In the year 1969, the Veterans Services Department processed 181 Income Questionnaires for veterans, widows, and children. The average monthly benefit is \$80.00. This represents approximately \$173,760.00 annually, thus alleviating the expenditures on a local level.

Hospitalizations of our veterans in VA hospitals has been a great saving to our community.

Veterans of Milford spent approximately 852 days in VA hospitals. The average per diem rate is \$63.00. This resulted in a savings to the community of \$53,676.00 for the year 1969.

II. VETERANS BENEFITS

(Chapter 115 of The General Laws)

Under this category, we offer the financial assistance to veterans and their dependents who through no fault of their own are in need.

Eligibility requirements are:

1. Veteran must have entered the service accredited to the Commonwealth of Massachusetts, or have three consecutive years residence in the Commonwealth.
2. Veteran must have a discharge under honorable conditions during wartime, or have 161 days of active duty after February 1, 1955.
3. Veteran or dependent must meet requirements and be worthy of need.

Fifty percent of these expenditures under this program are reimbursable to the town. Reimbursement to the Town of Milford for the year 1969 will amount to \$84,595.00.

For the year 1969, 183 families were aided, total expenditures amounted to \$169,190.25.

REPORT OF THE BOARD OF HEALTH

To the Honorable Board of Selectmen and the Citizens of Milford.

Joseph F. Power was elected chairman by Board members Kenneth C. Evans and newly elected member Daniel J. Ruggerio.

The following were appointed by the board: Agent, Adam F. Diorio; nurse, Alice Fitzpatrick; clerk, Beverly A. McCormack; Physician, Thomas P. DePaolo; Dentist, Hugo A. Andreotti; meat inspector, Philip Roy; assistant meat inspector, Adam F. Diorio; gas inspector, Frank J. Lancisi; Philip W. Morin; Peter P. Mascia was appointed as the third plumbing inspector; burial agent, Robert E. McGinnis; person to receive and report contagious disease, Adam F. Diorio.

In co-operation with the Massachusetts and National Societies for the prevention of Blindness, the board sponsored a pre-school eye screening program. There were 231 children registered of which 202 were able to be screened. Nine children were recommended for professional eye examinations. The results from eight of these have been received and six did have eye defects which have now been attended to. We thank the following for their part in making this program a success: The Milford School Committee, Supt. of Schools, David I. Davoren, Memorial School Principal, Anthony Bibbo, Custodian, Sio Tomaso, and the volunteers that conducted the screening, Undina Bilodeau, Jeanne Butler, Sadie Costa, Rose Deggendorf, Diane Evans, Alice Fitzpatrick, Angela Gala, Lois Iacovelli, Katy Johnson, Alice Panorese, Avis Power, Ann Sannicandro, Lois Shannon, John Shaughnessy, Rita Shimansky, Phyllis Skaff, Fay Stone, Rose Mary Trettel, and Betty Twitchell.

The inspection of all food service establishments has been substantially increased in both frequency and nature. We are now making use of laboratory facilities in which microscopic analysis of bacteria counts are made of the utensils and dishes used by these establishments. In conjunction with this upgrading of inspections the board sponsored a food handlers seminar at which state laws and regulations, dish and utensil washing, food poisoning, insect and rodent control, and other related topics were explained to those in attendance. We thank Mr. Gabriel A. DeMartin for the excellent presentation of these seminars.

There are at the office of the Board of Health many pamphlets dealing with the social ills of today, drug abuse, smoking, venereal disease, etc. They are available to the general public without charge.

A very successful mosquito control program was conducted by tree warden Joseph Graziano. A minimum number of complaints were received in 1969.

General Appropriation		\$6,100.00
Tri-State Forestry Service, Inc.	\$4,035.55	
Del Chemical Corp.	687.84	
Bay Colony Helicopters, Inc.	<u>1,372.00</u>	
		\$6,095.39
Balance		\$ 4.61

The rat and pest extermination is handled by Arthur E. Leblanc who covers the town dump and the various brooks. Mr. Leblanc is a certified exterminator and has kept the program well in hand.

Two dwellings and 2 garages were demolished at the request of the Board of Health. One dwelling and 1 commercial building are in the process of demolition at the request of the Board of Health. To date 56 buildings have been demolished.

Twenty-six pre-matures were reported to the Board of Health during 1969.

The agent of the board made 6 appearances in the local district court and 2 appearances in the Worcester Superior Court as the representative of the Board of Health.

The Massachusetts Vision Test, and the Audiometer Hearing test is given to the students, and notices sent home on all failures so corrections can be made.

The Dental Health Clinic is held each weekday morning, at the Board of Health rooms for all students in the town up to the sixth grade. Hugo A. Andreotti, D.M.D. is the school dentist.

All students with special health problems are referred to various clinics held in the state.

The names of all the students in the town with known special health problems are sent to the state health department each year, by Mrs. Helen Breault R.N. public school nurse.

Clinics

Three Antigen and Two Polio clinics, were held at the Memorial School Cafeteria for the pre-school children and all others who requested boosters, Dr. Thomas DePalo is the attending physician, at all the immunization clinics.

Double Antigen clinics were given to all students in the town, in grades one and ten. Booster doses are recommended for these grades.

A pre-school Measles clinic was held at the Memorial School Cafeteria for the new babies, and all others who had not as yet been immunized.

The Tuberculin Tine Test is given each year by the school nurses to students in all grades one and nine. Any student with a positive test is referred, with his family, to have a chest x-ray at the Milford Hospital, at the monthly clinic.

Two school polio clinics are given to all students in the first grades. Booster doses are recommended for this age group. Other students who have not completed their immunizations are done at this time.

Mumps clinics were held at the various schools in town, for the students in the seventh, eighth and ninth grades. All those who had never had the mumps and had a request slip signed were immunized.

A Vaccination clinic was held at the Memorial school for the pre-school children who will be entering school, and for all others who requested it.

Five German Measles clinics were held at the schools for the students in grades one thru four. All students with signed request slips were given the vaccine by Dr. DePalo. The State Health Department advised all parents to have this vaccine even tho they believed their child had the disease.

Mrs. Agnes Lewis the State Dental Hygienist, examined all the students at St. Mary's and Sacred Heart schools in grades one thru six. Notices of dental care needed were sent home for corrections to be made by their dentist and signed by him and then returned to the school.

Two Vision clinics were held at the Memorial School for preschool children. This was a sight-saving program, to find children with eye problems before they enter school, as some eye problems can not be corrected if they are over 5 yrs. of age. Many children attended and were tested, and some were found who needed immediate attention by an eye specialist. The Board wishes to thank all who assisted in this program.

Chest x-ray clinics are held the second Wednesday of each month excepting the months of July and December. The hours have been changed this year from 3 to 5 to 2 to 4 P.M. at the Milford Hospital x-ray Department. The doctors from the Worcester County Sanatorium are the attending physicians at these clinics.

REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen and Citizens of the Town of Milford:

The following is the fourth annual report of the Building Inspector of the Town of Milford for the year 1969.

I have been continuing our office hours between the hours of 8:00 A.M. and 10:00 A.M. at 126 Main Street with Mrs. Helen Consoletti as Clerk. This works out well, especially for the Builders in Town. The remainder of the day I devote to field inspections, zoning code enforcement and safety inspections. Building Codes and Zoning Codes are made available to the public.

The year 1969 continues to show a growing trend for the Town of Milford. Although we show an increase of approximately \$700,000.00 more than 1968 in cost of construction above the cost of land, single family dwelling construction has decreased by 29 units over 1968. Commercial building construction increased approximately 100% over 1968 and apartment building construction increased approximately 25% over last year.

During the year several safety inspections were conducted in conjunction with the Fire Chief and the Department of Public Safety. Several dilapidated buildings were inspected; also, in conjunction with the Board of Health. In 1969 we had an increase of approximately 100% for removal of junk cars and unregistered vehicles. During the year I have attended the weekly Selectmen meetings in order to help expedite complaints regarding our zoning by-law; also, to report to our Selectmen any building permits applied for pertaining to commercial, industrial and multi-family construction.

During the year 1969, a special town meeting in December approved an amendment to the Town of Milford By-law to have the Building Inspector assign house numbers to all new construction and also existing dwellings.

The following is a breakdown of the permits issued by the Building Inspector:

New Dwellings	111	\$1,710,794.00
Commercial and Industrial	16	1,269,200.00
Remodeling and Additions	43	120,310.00
Apartments (123 units)	4	1,185,000.00
Demolitions	5	27,830.00
Signs	15	8,400.00
Occupancy	11	
Home Occupation	29	
		<hr/>
Estimated cost of construction above the cost of land for 1969:		\$4,321,534.00

The amount collected for permits: \$5,277.00

The Building Inspector and Deputy Building Inspector have devoted a total of 1,436 hours of inspection work.

The following is a breakdown of the salary account:

Appropriated		\$5,200.00
Expended:		
Mr. Noah DeMattia, inspections	\$2,434.60	
Andrew Falconer, inspections	222.00	
Mr. Noah DeMattia, administrative	1,700.00	
Mrs. Consoletti, clerical	839.90	
Total expended in 1969		\$5,196.50

Balance from 1969 appropriation \$ 3.50

The following is a breakdown of the general expenses:

Appropriated: \$1,735.00

Expended:

New England Telephone	\$202.69
U. S. Post Office	22.00
Berardi Brothers	190.00

Balance from 1969 appropriation \$ 364.79

Respectively submitted,
NOAH DeMATTIA
Building Inspector

REPORT OF THE PARK COMMISSIONERS

Honorable Board of Selectmen
Milford, Mass.

Gentlemen:

We hereby submit our annual report for 1969.

Backstops were erected at Town Park and at Playground area at Upper Congress St. New fencing was installed at Tomaso Field. In line with improvements in park appearances, trees and shrubs were purchased and planted in most needed areas. Future plans of the Park Commissioners includes a more extensive beautification of parks by the planting of additional trees and shrubs. Tennis Courts were hot-topped and new playground equipment was purchased.

This year the Park Commissioners initiated construction of a new Junior League Baseball Field at Cedar Street. Much time and labor was contributed by the Park Commissioners and interested civic minded citizens in the clearing off and filling in of this area. It is anticipated that this area, upon completion, will be one of the most widely used parks in the Town of Milford.

Respectfully submitted,
ALBERT INGLESII, *Chairman*

REPORT OF THE MILFORD PLANNING BOARD

To the Honorable Board of Selectmen and Citizens of the Town of Milford:

The Planning Board held bi-monthly meetings during the year at its office at 126 Main Street with one monthly meeting during the months of July and August.

Many plans not requiring approval were submitted to and signed by your Board and three subdivisions totaling thirty-five lots were approved.

The Board received several petitions for changes to the Zoning By-law for the March Town Meeting. The Board held public hearings on these requests and made its recommendations to the Town Meeting Members. This Board is gratified that its recommendations were followed. Also after the required public hearings were held, two amendments to the Zoning By-law and one amendment to the Town of Milford By-law were given favorable recommendations by this Board to the Special Town Meeting held December 15, 1969; these amendments were approved.

The Board has continued to work with other Town Boards, Commissions and committees for the improvement of town affairs. Copies of the Town's Zoning By-law are available at the Planning Board's Office for a nominal fee.

During the past year the Planning Board has made its office available to the Building Inspector, Personnel Board, Zoning Board, Conservation Commission and the Urban Redevelopment Commission for their use.

REPORT OF THE MILFORD FINANCE COMMITTEE

To the Honorable Board of Selectmen:

Herewith, I submit, respectfully the following report for the year ending December 31, 1969.

The Finance Committee held their organization meeting in May with the following slate of officers elected: Roy Lovell, chairman; Nicholas Lucca, Jr., vice-chairman; Domenic D'Alessandro, secretary.

During the year, the Finance Committee held 27 regular and special meetings. In addition many meetings were held between our sub-committees and town departments for budget review and all other financial matters.

Roy Lovell resigned the chairmanship on November 18, a position that he held for ten years. During this period he has carried out the duties of the chairmanship with great dignity and courage and with a high quality of outstanding leadership. The members of the Finance Committee wish to publicly acknowledge their expression of gratitude for having served with him. The town of Milford is fortunate to have such a man who has given so much in the best interest of the town.

Subsequently, Domenic D'Alessandro was elected new chairman and Ralph Boccasile was elected secretary.

Our committee submits, herewith, the following financial report for the year ending December 31, 1969:

REPORT OF THE MILFORD ZONING BOARD OF APPEAL

To the Honorable Board of Selectmen and the Citizens of the Town of Milford:

The Zoning Board of Appeal submits the following report for the year 1969.

Twelve meetings were held.

Twenty-nine applications were received for variances or special permits.

Nineteen were approved.

Four were denied.

Four were withdrawn.

One postponed.

One under advisement.

The Board met at 126 Main Street, at the office of the Milford Planning Board.

The Board wishes to thank Town Clerk Catherine L. Coyne for her assistance in connection with receipt of applications.

ANNA B. O'BRIEN, *Chairman*
BERNARD KUSHLAN, *Clerk*

REPORT OF THE MILFORD INDUSTRIAL DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen and Citizens of the Town of Milford:

The Industrial Development Commission held regular monthly meetings and several special meetings during the year.

Highlight of the year was a seminar held in January, which was attended by town officials, representatives of utility companies, Industrial brokers and land owners to discuss industrial development in Milford.

Members of the IDC conducted a field trip in order to view the available industrial land in town.

The widening of Birch Street was recommended rather than the development of a new access road to the Century Industrial Park. The widening of Birch Street would be less costly and would not result in any costly land taking.

Maps of all industrial and commercially zoned land have been obtained together with a cross-reference file of all owners of one (1) acre or more. Land owners are currently being contacted to determine the availability of the land in various areas of the town.

A direct mail campaign to approximately fifty (50) industrial brokers is currently in process.

Many inquiries were received from industrial concerns and industrial brokers representing industrial concerns, regarding relocation in Milford. Although nothing has materialized to date, the Commission feels that it is in a better position to SELL the town now that the maps and listing of land owners are available. In addition, now that Route 495 is completed, it is felt that interest in Milford will increase during the coming year.

The Industrial Development Commission wishes to express its appreciation and thanks to the many town officials who have give us their cooperation.

REPORT OF THE ANIMAL INSPECTOR

Board of Selectmen
Milford Town Hall
Milford, Mass. 01757

Gentlemen:

I hereby submit my report as Animal Inspector for the Town of Milford for the year ending December 31, 1969.

There were 22 cases of dogs investigated and quarantined for having bitten people, however no sign of Rabies was reported in any of the cases.

As required for the Commonwealth of Massachusetts and in accordance with Section 19, Chapter 129 of General Laws, all barns and livestock in the town were inspected and found to be satisfactory.

In conclusion, I wish to thank the Board of Health and the citizens of Milford for their cooperation in 1969.

Respectfully submitted,
J. C. FABBRICOTTI, D.V.M.
Animal Inspector

REPORT OF THE CONSERVATION COMMITTEE

To the people of Milford:

In his message to the General Court of the Commonwealth in January, Gov. Sargent stressed the prime importance of immediate conservation of our natural resources.

We, in this state are sadly tardy to realize our danger of complete, perilous pollution of our air, waters, and soil. Uncontrolled urbanization inevitably poisons those vital assets which we are only now realizing are so important to us all.

Sewerage, trash, debris, and smoke indiscriminately spilled pollute both our developed and open areas. Rigid controls must be exercised for preservation of our town's natural beauty as well as for the preservation of our wild (and even our human) life.

With these facts in mind, your conservation committee has inaugurated a program to not only check the present rate of contamination and destruction, but to erase some of the marks of human vandalism, and to develop some neglected areas — improving, cleaning, and expanding the possibilities for sustenance of wildlife and for expanded, healthy recreational use by ourselves and our children.

Much of the latter phase of our program will in the final stages be the duty of our Park Commission, which has indicated complete eagerness to cooperate fully in our aims.

A prime example is Parker Pond where our groups, together with the very civic minded Kiwanis, have provided a cleared, lighted skating area. Another encouraging note is the general eager willingness of local sportsmen to cooperate by confining the ice fishing to other unused parts of the pond. Much more is hoped for in this location, with the eminent rebuilding and accompanying rebuilding of the Dilla Street Dam. Much will be done toward providing for a public year-round recreational area.

Aside from this, and other planned development of town owned open lands, one of our highest priorities is to restrict and eliminate pollution of our brooks and streams by the encroaching expansion of our housing program and the accompanying urbanization. Further, we will resist the indiscriminate erection of unsightly bill-boards and similar eye-sores.

In co-operation with the Board of Health we will continue to check our industrial pollution and previously unregulated dumping of various types of trash and waste.

Hopefully, we will allot the annual unexpended balances of our annual small budget to the purpose of acquiring additional plots of land; where and when available and so located as to be an asset to our plans for public service.

We appreciate the cooperation of other town departments, officials and other individuals and we confidently expect their continued interest in our efforts to improve our town for all our people. We are sure the public will, as individuals, do their own small share for our common good — Milford.

CONSERVATION COMMITTEE

REPORT OF THE
BOARD OF SEWER COMMISSIONERS

FOR 1969

To the Citizens of Milford:

The Board of Sewer Commissioners respectfully submits this report on the Milford Sewerage System for 1969.

Collecting System. In addition to the routine maintenance operations, the addition of a jet type sewer cleaner has improved the effectiveness of flushing and cleaning operations and it is expected that this equipment will assist greatly in the maintenance of chronic trouble spots.

A systematic program of sewer cleaning is being developed in order to prevent some of the previous troubles before they develop.

Certain portions of the system with smaller size mains have shown increasing operating and maintenance difficulties which are accented by increased development and subsequent rates of flow. Requests for construction funds to correct some of these trouble spots are included in the proposed appropriations for 1970. It can be anticipated that increasing development will require attention to main collecting sewers to increase their capacity to handle peak flow rates.

Abuse of the system, by introduction of cellar drainage as indicated by rapid increase in flow rates at times of wet weather, continues to be a particular source of trouble and a controlling factor in main sewer capacity, and will require stricter inspection of services and interior plumbing connections. Drainage must be diverted to storm drains wherever practical, and the cooperation of all citizens in this respect is requested, since this type of abuse directly affects the cost of the system, both in construction and operation.

New Construction. New construction accomplished and under contract has included a section of relief sewer in Beach Street to relieve conditions during high flow periods in the lower level areas. Funds for continuation of this relief sewer to the Charles Street station are requested, to ensure its effectiveness. Construction in other locations authorized in 1969 is under contract and nearing completion. Sewers constructed under Town contract are as follows:

Beach Street Relief sewer	1207 ft. (16 inch)
No. Vine Street	525 ft. (8 inch)
Medway St. area (east)	

Medway Street	627 ft. to Medway Line	
Victor Drive	790 ft.	
Bruno Drive	490 ft.	
Meadow View Lane	535 ft.	
James Street	565 ft.	4739 ft.

Additional authorized construction is under contract on Medway Street, Trettel Drive, Carroll St., Orange and Tyler St., and the pumping station at the Route 495 interchange on Medway Street is awaiting approval from the State and Federal Public Works Departments.

Length of sewer constructed by the Town under contract = 4739 ft.

Extensions made by private development and connected to the sewer system were as follows:

Ivy Lane	1300 ft.		
Ridgewood	2200 ft.		
Jonzio Rd.	1500 ft.		
Paula	1200 ft.		
Sherwood	1500 ft.	Total	7,700 ft.

Total Construction	12,439 ft.
--------------------	------------

=2.356	miles
--------	-------

Previously constructed recorded	40.462 miles
---------------------------------	--------------

Total Sewers	42.818 miles
--------------	--------------

Service connections recorded during 1969	150
--	-----

Previously recorded	3600
---------------------	------

Total Services	3750
----------------	------

General. The West Street area, comprising some stretches with 6-inch diameter main sewers, susceptible to easy plugging, has been the cause of trouble during high flow periods and funds are requested to reconstruct sections of this sewer and provide additonal capacity.

It is pointed out that as some of the outer sections of the collecting system are improved and extended, the results of greater flows will be transferred to some of the lower stretches of the main sewers, and will require additionale capacity.

Discussions have been held during the year with representatives of the Health Department, Finance Committee, Selectmen, and other

interested departments on improvements to prevent nuisance overflows and the cooperation of these in discussion of the means of correction is appreciated.

Pumping Stations. Operation and maintenance of the several pumping stations has been generally of a routine nature, but the capacity of the Purchase Street station has been taxed to meet peak flows due to increasing development, and plans have been proposed to by-pass this station by extension of a main intercepting sewer, north of Dilla Street. This in turn will require additional capacity downstream from Dilla Street, to prevent overflow conditions during peak flow periods.

Treatment Plant. Treatment plant operation during 1969 has been plagued by the necessity of making repairs to mechanical equipment. Most of the plant equipment items are at least 10 to 12 years old, and are used in continuous operation which makes maintenance difficult. Replacement of equipment is relatively expensive and time consuming in delivery of repair parts, while attempting to keep the plant in operation. The work has also been hampered by lack of appropriation of requested repair and maintenance budget items. During 1969 repairs were accomplished on the rotary distributors of the trickling filters and on sections of the primary tanks. Additional repairs on other sections of the primary tanks are under contract after funds were made available in December. Repairs to recirculating pumps are in partial progress, but will require additional appropriations for completion. Completion of these repairs and return of the plant to full operation has been directed by the State Division of Water Pollution Control, and efforts by the Sewer Department to accomplish this during 1970 will continue.

It is anticipated that increasingly stringent requirements for reduction in stream pollution will require further more complete treatment of wastes at the plant during the next few years.

Quantity of wastes treated at the plant are as follows:

Jan.	53.570 Million Gallons	July	35.518 Million Gallons
Feb.	42.338 Million Gallons	Aug.	45.271 Million Gallons
Mar.	81.655 Million Gallons	Sept.	39.906 Million Gallons
Apr.	100.651 Million Gallons	Oct.	40.204 Million Gallons
May	65.916 Million Gallons	Nov.	61.673 Million Gallons
June	39.775 Million Gallons	Dec.	86.097 Million Gallons

Average — 1.90 MGD

REPORT OF THE
SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen

I submit my report as Sealer of Weights and Measures for the year ending December 31, 1969.

I notified in compliance with the provisions of Section 41, Chapter 98 of the General Laws of Massachusetts, as amended giving notice to all persons, that all scales, pumps and measuring devices for the purpose of buying and selling goods, wares, and merchandise to be brought in, and these devices to be tested, adjusted and sealed. I then inspected all places of business in the town of Milford.

There were approximately 515 measuring devices tested, adjusted, sealed or condemned. Sealing fees were \$540.20, which were turned over to the Town Treasurer.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of the Town of Milford:

Herewith I submit respectfully the ninety-first annual report of the School Department and my twenty-third as Superintendent of Schools.

Once again information concerning personnel will be given in this report.

However, as was the case in our report of last year emphasis shall be placed upon special facilities as they are related to our program.

Happily, we announce the acceptance by the townspeople of a proposal to build a new Senior High School on the sixty-five acre site in the area bounded roughly by Congress Street, West Fountain Street, and Highland Street. This acceptance of the proposal submitted by the School Building Committee occurred at a special town meeting held on May 28, 1969. At that time the town meeting voted unanimously to raise and appropriate \$10,600,000.00 to construct the new high school building.

As this report is written plans are in the process of being completed by the architect so that bids may be sought and received early in 1970. It is expected that it will take between one and one half to two years to complete construction and to occupy the building.

Certain site clearing work has been underway and it is planned to advertise for bids for certain site development work very early in 1970.

In the meantime, classes will continue to be held in all of the buildings in the department along with four classes of elementary grade pupils in two relocatable buildings. These relocatables are situated in a lot opposite the Memorial School on Walnut Street. In addition to all of the classes being held in the buildings referred to above, space for two

elementary classrooms has been rented again in 1969 at Sacred Heart of Jesus Elementary School on East Main Street.

It will be necessary to hold classes in all of the existing spaces including rentals in the next school year according to estimates.

The overall increase in enrollment in September 1969 was 167 pupils. Projected enrollment figures for 1970-71 indicate that we will need at least three additional classroom spaces. Whether or not these facilities are built or rented is a decision which shall have to be made prior to September of 1970. At this time it does not appear to be too early to mention that we shall be required to reopen kindergarten or so called pre-primary class room facilities. We have a commitment to do this, that is to re-open kindergarten classes in September of 1971. The determination of exactly how these requirements shall be met is one which will have to be made in the near future.

While the matter of housing needs for our pupils has been receiving considerable attention from the administration, the matter of program has certainly not been neglected.

Throughout the past year there has been going on study by administration, supervisors, teachers in collaboration with Engelhardt and Engelhardt, Inc. consultants for the new high school. Our architect has also been involved in these studies as well.

Provisions are being made in the budget for 1970 to provide for still further examination study and development of curriculum.

As this report is being written plans are also underway to implement a very comprehensive program of drug abuse.

PERSONNEL

Again, the School Department was able to fill the needs of the teaching force by engaging well qualified teachers who give promise of meeting with success in their duties.

The School Committee is to be congratulated for their profound interest in bringing to our teaching force personnel of high caliber.

REPORT OF THE TOWN GOVERNMENT STUDY COMMITTEE

To the Honorable Board of Selectmen:

On June 18, 1969 the Town Government Study Committee met for reorganizational purposes. Until this time, the committee has endorsed changes for the number of terms of selectmen and the realignment of the precincts, both of which will be effective in March, 1970. They had been unsuccessful in their attempt at placing the question of a home rule charter on the ballot. At the June 18th meeting the objectives of the T. G. S. C. were defined as studying the various forms of local government and recommending to the voters changes that might increase the efficiency and effectiveness of the town's governmental structure. The nine member committee elected new officers and, with selectmen approval, was expanded to include a broader representation of the people of the town. The committee now includes twenty-nine members.

The T. G. S. C., which met every third Wednesday, created the following subcommittees: Public Relation, Petitions, Executive Secretary, Recreation, Public Works, Town Administrator, Finance, Charter Commission, and Present Government.

The function of the T. G. S. C. has been to investigate the existing local governmental structures and to inform the people of the findings. Aiding greatly in the informing stages were three guest speakers: Atty. William Leonard who spoke on home rule and charter commissions, Mr. John Cronin on the executive secretary type of government, and Mr. Robert O'Hare on the idea of a home rule charter and on coordination of offices.

A questionnaire on local government was sent to over 150 public officials in order to assist the T. G. S. C. in its studies and to give a general idea of the thinking of the town officials.

By the October 8th meeting, consideration of a charter commission tended in a positive direction; and on October 29th, the T. G. S. C. gave formal support to this idea. A petition drive to secure the necessary number of signatures in order to put the question of a home rule charter on the ballot was begun. The drive was a success, and the question will be placed on the March, 1970 ballot.

The T. G. S. C. is now in the process of encouraging interested voters of Milford to consider running for the charter commission. Mr. Michael P. Curran, an expert in municipal affairs, spoke to the committee on the various aspects of charter commissions.

The further direction of the T. G. S. C. is dependent on the voters of Milford in March when they will vote on the question of a home rule charter.

Respectfully submitted,
DAVID P. HAYES, *Chairman*

REPORT OF THE MILFORD REDEVELOPMENT AUTHORITY

To the Honorable Board of Selectmen and Citizens of the Town of Milford:

The Milford Redevelopment Authority held regular monthly meetings during the year at the Planning Board's office at 126 Main Street.

In the beginning of 1969, the MRA met with the Board of Selectmen twice during the month of January concerning the discussion of the workable program, for the Central business district project. At both meetings the Board of Health was invited and did attend. Both meetings ended with no further progress in regards to Urban Renewal for Milford.

The MRA then requested, thru a Comprehensive and Informative report which was submitted to the Board of Selectmen in July 1969, a commitment of the Selectmen of their stand on Urban Renewal. No written correspondence was received by this board to date on the Selectmen's decision.

The one major drawback and the last if Milford is to be considered for Urban Renewal is the failure of implementation of the minimum standard of human habitation code into the jurisdiction of the Board of Health.

Another report was sent to the Board of Health in November 1969 concerning enforcement of this code. To date no answer has been received by this Board on the context of that letter.

It is unfortunate to have to publish a report as bleak as this one, but the MRA feels that the Citizens of Milford should be informed of the MRA's attempt to wholeheartedly seek a solution to submit its workable program for final approval in New York. The MRA will continue to work in trying to achieve its final goal and asks that the Town Officials give their cooperation to attain this project.

Respectfully,
FRANCIS A. CASWELL,
Chairman

PERSONNEL BOARD REPORT

To the Honorable Board of Selectment and the Citizens of Milford:

During 1969 the Personnel Board appraised the wage scale in every classification in the Town and coordinated the collective bargaining of the Police, Fire, and School Crossing Guards; salary increases were recommended when it was found increases were in order.

Due to the fact that collective bargaining can at times be a lengthy process, it is recommended that negotiations begin earlier in 1970 to ensure proper consideration. The Personnel Board will continue to provide a member to a Labor Advisory Council to advise the negotiator, and at the same time keep the Personnel Board, Finance Commission, and Selectmen abreast of what is taking place with organized employees. The Personnel Board will continue to recommend and set wage rates for unrepresented employees.

The Personnel Board wishes to express its appreciation for the courtesies that have been accorded them and for the cooperation that we have received from the Selectmen, other Town officials, and Town employees.

Respectfully yours,

GERALD M. BARLOW, *Executive Secretary*

ROBERT CONSOLETTI, *Member*

WILLIAM DePALMA, *Member*

JOHN FRABOTTA, *Member*
